Dear all,

We are living in difficult times as a consequence of COVID-19 and we would like to unite together to help those most in need. We are writing you to ask for your participation in this important solidarity initiative being organised through Allfunds Fondo Solidario. With your help and through our new solidarity platform we can all join together to make a significant contribution in our community.

Through the Madrid City Council hundreds of large families have been identified, who as a result of the crisis caused by COVID-19, do not have necessary resources or food. Our goal is to help to feed these 450 families for more than a month, providing them with their weekly shopping.

For this reason we have launched this challenge, **Allfunds Solidarity Fund COVID-19, to feed families in dire need in Madrid**, through our new crowdfunding platform of the Allfunds Solidarity Fund www.fondosolidarioallfunds.com

In collaboration with the iHelp Foundation and a group of eager volunteers these families will receive a weekly shopping cart filled with the necessary basics that are much needed during this time.

We have launched this initiative with an amount contributed by the Allfunds Solidarity Fund of 50,000 Euros and our goal is to reach over 150,000 Euros. We know that it is ambitious but we believe that together we can achieve this and help meet these very real needs of these families.

Let's make the fund industry even more supportive in these difficult times. Together we are more! Join in helping those families and alleviate the need and anguish they are experiencing.

Thank you for your consideration.
